BROM: Breed Registry of Merit

The primary purpose of the **BROM** is to recognize those sires and dams which produce fine offspring. The **BROM** is a bench oriented system with limited credit given for field, obedience, track and agility. Listed in the data base (link below) are resources to help you understand the **BROM** system and track your dog's progress.

FROM: Field Registry of Merit

The **FROM** is designed to recognize Weimaraners who consistently produce competitive field offspring. The **FROM** is a field oriented system with limited credit given for show activities.
