TIE BREAKING CRITERIA:

In the event of a tie, the winner will be the dog participating and earning points in the most number of venues. For example, in a tie, a dog that had earned points in all eight venues would win over a dog that had earned points in only four venues. If a tie still exists, all point values earned in each venue would be combined and totaled for each dog with the highest total score being the winning dog. For example, a dog that had earned a High in Trial in Obedience by winning the Novice B class would count 7 points for High in Trial, plus 3 points for winning Novice B, plus 2 points for qualifying in Novice B. In the event the dogs were still tied after this tally, WCA would recognize that an absolute tie occurred and dual awards would be given.
